

I'm In Love

Antony and the Johnsons

Oh I've been touched and I've been touched
And it's too much and it's too much

And in the ocean and in the sea
The red core over is in me

You need only say the word
That kissing like a humming bird

And I've been touched and I've been touched
And it's too much and it's too much

You feel sunken

And I've been working for a long time
I never did commit no crime

And on my dreams they all came true
The day I laid my head on you

The day that you crept up and died
Turned black fruitful from inside

And you need only say the word
Gonna kiss you like a humming bird
humming bird

And don't know where I'm going so
I'm gonna lay down in the snow

And I feel touched and i feel touched
And it's too much and it's too much

And in the ocean and in the sea
The red core over is in me
so are you
