

# Number One Candidate

AntsLive

Woo!

Yeah

Ayy, London, stand up (Stand up, grrrr)

(Bijan Amir out that bitch, go)

I don't fuck with the he say, she say

Get it no delay

Run it like relay

Bro, you ain't got like this (Like this)

Henny in my cup, I don't see straight

Big fur jacket from eBay lookin' timeless (I look peng)

I gotta let my skin fade marinate

We gotta toast up, celebrate

Everyone scream, "Next up"

But I'm the number one candidate

Captain's armband, I'm makin' key plays

When I'm doin' shows, gotta get all prepaid

Fortune flavours, I'm on a t-break

Northside know about these ways

I gotta let my skin fade marinate

We gotta toast up, celebrate

Everyone scream, "Next up"

But I'm the number one candidate (Number one)

Uh, starboy excellence (That's me)

Them other guys, irrelevant (Ayy, who are they?)

They all on my dick, I'm celibate

Zoë Kravitz, half white, half melanin (Half)

Babyface and a white gold tooth cap

I treat the waiter nice, she love that (She do)

I mix the blueberry pie with cognac

It's not what I wear, it's how I rock that (Grr)

If I can buy that twice, I'll cop that

Sweet one, ten-ten, spot that, chop that

Tryna lock me, had to tell her it's not that

I don't fuck with the he say, she say

Get it no delay

Run it like relay

But I'm the number one candidate

I'm a number one like Usain, set pace

Used to kick ball on the estate back then

T90's with the Levi's matchin'

Rips in the demin, that's classic

These beats get wrapped like futomaki

That's a sushi roll

I'm a young CEO, gotta do as you're told

Gotta act your stat, gotta play your role

I was OT, all shuttin' down shows

From A to B, long way to go

'Bout time they know about me, hello  
The booty jiggle and clap, jello  
I been on top, where they at? Below  
Presidential flow, Marilyn Monroe  
I got Pounds, got Euros, stackin' 'em both

I don't fuck with the he say, she say  
Get it no delay
