

Richer

AntsLive

I'm still the same, just a lil bit richer
Ye ye
You still the same, but a lil bit thicker
Ye ye
I'm in the spot, they call me mister
I swipe swipe my visa
I got real fans, it's deeper
Ye ye
I still ain't giving out no feature
Ye ye
My name ringing like I'm Bieber
Ye ye
I'm on my ones like Tracy Beaker
I'm R9 in La Liga

Leng one say she like flowers, I gotta buy her the bunch
All these labels on me, I got my pick of the bunch
I'm calling the album "Give Thanks," right now I'm feeling love
All the fans in my DMs, I'm busy, but it's love
I'm in the cab with a bad one, you on your block with a 8-ball
I don't pop out like pimple, more time I keep it simple
All of my tunes are deeper, that ain't no Christmas jingle
I'm overseas way more than a little, I should be bilingual
I see them lose their mind, not everyone's a number 9
Not everyone should try and rhyme, you ain't gotta pick up the mic
Nobody's hyped, ay
I just made a 100 bags off rap, I still think my pockets are light

I'm still the same, just a lil bit richer
Ye ye
You still the same, but a lil bit thicker
Ye ye
I'm in the spot, they call me mister
I swipe swipe my visa
I got real fans, it's deeper
Ye ye
I still ain't giving out no feature
Ye ye
My name ringing like I'm Bieber
Ye ye

I'm R9 in La Liga

I got real ones, no spray tan, no spray tan, no spray tan
I like numbers like I'm Rain Man, like Rain Man, like Rain Man
I can't step out in no Ray-Bans
I got CCs on these frames
And I got no flaws in my game plan, my game plan, my game plan
I just purchased the AMG, but I drive that like a rental
I ain't never had no rental
I ain't never had no mentor
Two MOBO nominations, but that ain't the be all and end all
If I win that, then I'm lit
If I lose, it's just a medal
All these dubs I took this year, they put my name on a pedestal
It's incredible
I hope I don't slip and fall

I hope I don't slip and crash out
London, my city, I fly that flag now

I'm still the same, just a lil bit richer
Ye ye
You still the same, but a lil bit thicker
Ye ye
I'm in the spot, they call me mister
I swipe swipe my visa
I got real fans, it's deeper
