

Graveyard grind, I don't know where the days gone  
But we can splash that cash 'cause you know I get paid on  
My phone on DND, I'm in meetings  
But we gon' pour up champagne shots all weekend

I don't know about taking breaks, I'm hustling  
Everyday do me, I got the mandem shuffling  
I been catching flights, now my baby miss me  
Know I make dough in my sleep 'cause the radio spin me

Central step with a bad one, rooftop settings, I'm hitting it calm and gentle

Scooby-Doo, back then I was meddling  
Jump on stage, I turn to a gremlin  
I'm not two, I'm top like gunners, hit me a belly, stone cold stunners  
This year I been way too busy, I get more busy, I'll need me a runners  
Pink and purple, I like dem colours, 20s & 50s, I like dem numbers  
Spent the first few days of the week grinding, on the weekend I'm shutting down functions
