

# Yes

AntsLive

Yes, baby yes  
I don't wanna know  
Just tell me yes  
Where you wanna go  
We can roll  
Yes  
Flying out to Cali  
With my bros, with my set  
All of us do fashion  
All of us in cheque  
Yes  
All of us get bread  
Yes  
Do my reps then I flex  
There ain't no one like me out of everyone I met

Waking up, I count my blessings  
This rider take away my stresses  
I can't afford it, I'd finesse it  
Now I wear that once just to flex it  
Yes  
I need that double R, that Culli  
I just went viral, now they love me  
I'm showing no mercy like I'm Sully  
I'm from London city where it's gully  
I can't wear socks without the sliders  
Ay  
And they don't bang shit, they're liars  
I'm like Michael Myers, if it's smokey, I might fry him  
Me and my gorillas, we some giants  
But don't be frightened

Yes, baby yes  
I don't wanna know  
Just tell me yes  
Where you wanna go  
We can roll  
Yes  
Flying out to Cali  
With my bros, with my set  
All of us do fashion  
All of us in cheque  
Yes
