

## Oh My Precious Life

Anubis Gate

I've been taught to measure my time  
And I've learnt about this young man  
whose carelessness was considered a crime  
A destitute and weak also-ran

I stand by the door  
Disintegrated  
Oh my precious  
But cut to the core  
It's I ever wanted  
Oh my precious

I fought to live out my dreams  
But you tossed and turned 'em your way  
From regular and bureaucratic schemes:  
A hollow man with nothing to say

I stand by the door  
Disintegrated  
Oh my precious  
But cut to the core  
It's all I ever wanted  
Oh my precious

I've had the notion  
I've been wasting all my life  
'cause all wanted  
was a world of my own  
Without you

I stand by the door  
Disintegrated  
Oh my precious  
But cut to the core  
It's all I ever wanted  
Oh my precious
