

Like The Way It Feels

Anuheia

Oh-oh, yeah

When I wake first thing in the morning
I'm satisfied with more to discover
You give me love, keep me up what I want
Never, never not enough

'Cause you're my one
I'm always gonna stick around, yeah
You know I will hold it down
Hah, I got you baby
'Cause what I'm really tryna say is, hey

I like the way it feels with you
I like the way it feels (Come on, feel!) Oh
I like the way it feels with you, oh, yeah
I like the way it feels with you baby

You are my treasure I've discovered
Two fishes in the blue sea for each other
It's [?] to sail for me and
I just wanna rock your boat
I cannot say that we just can't deny
Even if we wanna try
And no matter what we do
We're just looking on this vibe
Like one and two, whoa

I like the way it feels with you
I like the way it feels (Come on) Baby, oh
I like the way it feels with you, oh-oh, yeah
I like the way it feels with you baby

I won't get off this ride with you (Come on)
I'm feeling so high from these butterflies on you
Oh, whoa, whoa, whoa (Oh, sugar, sugar)
Oh, sugar, sugar

Hey, ooh
I like the way it feels with you, yeah, ooh
I like the way it feels, oh-oh, oh, sugar, sugar
I like the way it feels with you, ooh, hey
I love the way it feels with you
