

Red, Gold & Green

Anuheia

Red, gold and green
Red, gold and green
Red, gold and green
Red, gold and green

I think we need a little something different this season yeah
We'll find it underneath the Christmas tree
Our presents are the gifts that keep on giving so give it away hey
We pop a color cause the holidays a-holler
Wrap it up, wrap it up dreams in color

Red, gold and green

Red for the love in our hearts
Gold for the light that we shine
And green for the leaves of peace
Red, gold and green
It's the colors we bring
Red, gold and green
The colors we bring
Red, gold and green
It's the colors we

Bring it to the table
Bring whatever you're able
It's brighter and better when we're together
So turn up the light ay
Blessed and dressed and I bless only dollas
Wrap it up, wrap it up dreams in color

Red, gold and green

Red for the love in our hearts
Gold for the light that we shine
And green for the leaves of peace
Red, gold and green
It's the colors we bring
Red, gold and green
It's the colors we bring
Red, gold and green
It's the colors we bring

We're showing love as a symbol of our trust
We're moving through every shade and threat of us
Our hope is everything
Atop this tree of love that surrounds, surrounds, surrounds us
Atop this tree of love that surrounds us

Red for the love in our hearts
Gold for the light that we shine
And green for the leaves of peace
Red, gold and green
It's the colors we bring
Red, gold and green, red, gold and green
The colors we bring
Red, gold and green, red, gold and green
The colors we bring

Red, gold and green, red, gold and green
The colors we bring
Red, gold and green, red, gold and green
It's the colors we bring

Pray for peace
Pray for love
And pray for aloha
