

Riddles

Anuheia

I still remember going on our first date
You showed up late, and guess what, I paid
You say you're gonna introduce me to your friends
It's been two months, I haven't met them yet

Well I can't wait
Till it's all too late
And leave it up to fate
When all you do is talk in riddles
I want to
Spend my life with you
So you leave me so confused
When all you do is talk in riddles

Here you go again with another lame excuse
Your tried and true is nothing new, hey hey now
And finally when I think that you see the light
You drift away into the night, oh

Oh I can't wait
Till it's all too late
And leave it up to fate
When all you do is talk in riddles
I want to
Spend my life with you
But you leave me so confused
When all you do is talk in riddles

I'm tired of sulking myself to sleep
You're basically an absentee
You [?] me
I shoulda left your ass yesterday
I wish it was that easy

I can't wait
Till it's all too late
And leave it up to fate
When all you do is talk in riddles
I want to
Spend my life with you
'Cause you leave me so confused
When all you do is talk in riddles
