

Underrated

Anuheia

Every time I turn around
Girls are getting down with playas
I'm just getting sick of this
With the quickness, they're haters
You don't want a nice guy
You just want the right guy
Who breaks your heart
You don't want a real one
You just want some real fun
You're back at start

Underrated
Its not complicated
Disappointed
How he broke your heart
Underrated
I just want to prove you wrong
Cuz you deserve a love that lasts for life
I'm underrated

I know that you think I've got it all together
But broken hearts know how to hide the pain
But you never stepped up
And he simply walked up and said hi
I came in with issues
He came with his own too
Boy goodbye

I'm underrated
I'm complicated
Disappointed
I don't want to break your heart
I'm underrated
You can try to prove me wrong
Cuz I deserve a love that lasts for life
I'm underrated

Tell me what's a man supposed to do
If he wants to take his place
Will you take a stand and walk with me
Or will you just turn away

We're underrated
We're complicated
We're disappointed
How we broke our hearts
We're underrated
We can try to prove this wrong
Cuz we deserve a love that lasts for life
Cuz we deserve a love that lasts for life
Cuz we deserve a love that lasts for life
We're underrated

Every time I turn around
Girls are getting down with playas
