

## Blind Rage

Anvil

Blind rage, blind rage

Volatile emotion spinning out of control  
Temper flaring and impossible to console

Blind rage, blind rage

Red-faced anger and adrenaline  
Fueling intense heat

Blind rage, blind rage

Violent over reaction  
Never to concede

Blind rage, blind rage

Bloodboiling compulsion, bring havoc to destroy  
Building an arsenal of vicious words to deploy

Blind rage, blind rage

The bull in the arena attacks  
When it sees red

Blind rage, blind rage

The toreador's blade  
Makes sure the bull is dead

Clenching your jaw, clenching your fists  
That's when you know you're really pissed

Blind rage, blind rage

Seething vengeance  
Unleashing insanity

Blind rage, blind rage

The psychological down fall  
Of humanity

Blind rage, blind rage  
Blind rage, blind rage
