

Chemtrails

Anvil

Chemical concoction filling the air and sky
Political decisions don't care if you live or die

Control the atmosphere, climate and what we breathe
Like a science experiment they're trying to achieve

Chemtrails
Poisoning the air
Chemtrails
You know it's not fair
Chemtrails
Poisoning the sky
Chemtrails
Don't ask why

Vandals and hoodlums destroy and pollute the air
Pretentious and arrogant, acting like they care

Chemtrails
Poisoning the air
Chemtrails
You know it's not fair
Chemtrails
Poisoning the sky
Chemtrails
Don't ask why

Insecticides and chemicals meant to serve us well
Cancer pharmaceuticals on the road to Hell

Call it conspiracy, deny the real fact
Vanishing vapor trail, you know it's a murderous act
They say there's global warming, carbon dioxide to blame
A raping of the money, stupidity and shame

Chemtrails
Poisoning the air
Chemtrails
You know it's not fair
Chemtrails
Poisoning the sky
Chemtrails
Don't ask why
