

Ghost Shadow

Anvil

I'm being followed by something I can't see
No shape or form, invisibility
Always there but I never know
Benign or hostile friend or foe

Ghost shadow, ghost shadow

Haunting my soul, I feel it there
Better or worse or should I care

Coming after me
Something you can't see
Feel the presence near
No shred of fear

Ghost shadow, ghost shadow
Ghost shadow, ghost shadow

I'm being followed by an entity
Cloaked by invisibility
Always there but I never know
Benign or hostile friend or foe

Coming after me
Something you can't see
Feel the presence near
No shred of fear

Ghost shadow, ghost shadow
Ghost shadow, ghost shadow
