

# Let It Go

Anvil

Say what you mean and mean what you say  
Feeling proud at the end of the day  
When the time is right and you've something to say

Someone to listen with attention to pay  
With attention to pay

Finding strength to live and cope  
Finding love and feeling hope  
Release the anger, let go of hate  
Let it all go, just dissipate

Common let's hear ya  
Common just let it go  
Common let's hear ya  
Just let it go  
Go!

Truth pisses off but sets you free  
Be just who you've got to be  
Say what you mean and mean what you say  
Feeling proud at the end of the day

Common let's hear ya  
Common just let it go  
Common let's hear ya  
Just let it go

Common let's hear ya  
Common just let it go  
Common let's hear ya  
Just let it go
