

Not Afraid

Anvil

Not afraid of looking back
Not afraid of what I lack
I'm not afraid just of moving on
Not afraid of the dark
Not afraid to leave a mark
I'm not afraid of what's gone

Not afraid
Not afraid

Not afraid of getting caught
Not afraid to take a shot
I'm not afraid of just being me
Not afraid to take a chance
Not afraid of lost romance
I'm not afraid, can't you see?

Not afraid
Not afraid

I believe in my way
Till the end of the day
Straight from the heart
The way I will behave
I will be brave
Right from the start

Not afraid of what I know
Not afraid of letting go
I'm not afraid of just running free
Not afraid of being had
Not afraid when things go bad
I'm not afraid what will be

Not afraid
Not afraid

I believe in my way
Till the end of the day
Straight from the heart
The way I will behave
I will be brave
Right from the start

Not afraid
Not afraid
