

## Good Cry

ANYA

Let it out, let it out, let it out for me  
Let it out, let it out, let it crash like waves  
We both wanna act tough  
Trying to keep it together  
Saying nothing is saying a lot  
When we don't hear one another  
So let it out, let it out, let it out for me  
Yeah, let it fall, let it fall, let it fall like rain

'Cause I, I need a good cry  
And I think you need it too  
Go ahead, let it all out  
Don't worry, I'm waterproof  
I need a good cry  
And I think you need it too  
Let it all out  
Don't worry, I'm waterproof  
I need, I need a good cry  
I need, I need a good cry  
I need a good cry

Show it all, show it all, show it all to me  
And lay it all, lay it all, lay it all on me  
Paint the picture right from the start  
Will you show me your colors?  
Open all the rooms that we've locked  
That we've kept from one another  
So show it all, show it all, show it all to me  
And let it fall, let it fall, let it fall like rain

'Cause I, I need a good cry  
And I think you need it too  
Go ahead, let it all out  
Don't worry, I'm waterproof  
I need a good cry  
And I think you need it too  
Let it all out  
Don't worry, I'm waterproof  
I need, I need a good cry  
I need, I need a good cry  
I need a good cry

Show it all, show it all, show it all to me  
And lay it all, lay it all, lay it all on me  
Show it all, show it all, show it all to me  
And lay it all, lay it all, lay it all on me

'Cause I, I need a good cry  
And I think you need it too  
Go ahead, let it all out  
Don't worry, I'm waterproof  
I need a good cry  
And I think you need it too  
Let it all out  
Don't worry, I'm waterproof  
I need, I need a good cry  
I need, I need a good cry

I need a good cry  
Don't worry, I'm waterproof  
I need, I need a good cry  
I need, I need a good cry  
I need a good cry
