

Snap Back

ANYA

Take off your snapback
I've been wondering where your head's at
Your eyes are cold in a snapback
And days are long gone when you made me laugh so
Out of sight and out of mind
You know I'm not afraid to leave it all behind
Forget about the things you told me
How you used to hold me

So be sure, be sure
I'd forget about you in a heartbeat if I have to
So be sure, be sure
I'd forget about you in a heartbeat if I have to

Think about the shit you told me
I don't care about your homies
Posing by what's been said and done
Nah nah does any good to me
Think about the shit you told me
I don't care about your homies
Posing by what's been said and done
Nah nah does any good to me

You started it with a hashtag
But forget to give your girl a call back
Your eyes lied up just a little bit less
Your cheek stayed blushed just a little bit less
And I'm out of luck and we're out of time
You know I'm not afraid to leave it all behind
Forget how your lips are tasted
All the time I wasted

So be sure, be sure
I'd forget about you in a heartbeat if I have to

Think about the shit you told me
I don't care about your homies
Posing by what's been said and done
Nah nah does any good to me
Think about the shit you told me
I don't care about your homies
Posing by what's been said and done
Nah nah does any good to me

Any good
Any good
Don't get to comfortable
Don't let your guards down
Shouldn't feel too safe
Don't turn your head away
Turn your head away, no
Don't get to comfortable
Let your guards down and don't
Turn your head away
Turn your head away

Think about the shit you told me

I don't care about your homies
Posing by what's been said and done
Nah nah does any good to me
Think about the shit you told me
I don't care about your homies
Posing by what's been said and done
Nah nah does any good to me

Think about the shit you told me
I don't care about your homies
Posing by what's been said and done
Nah nah does any good to me
Think about the shit you told me
I don't care about your homies
Posing by what's been said and done
Nah nah does any good to me

So take off your snapback
I've been wondering where your head's at...
