

Higher Power

Anyma

Am I closer?
Have I lost my mind?
The sun is burning me
Is it broken?
There's a rift in time
Should I take defeat?

Even if I find a higher power
Something tells me it won't be enough
And even if this desert starts to flower
I'll still find a way to spill my blood

I think I lost my mind
I feel a rift in time
I think I lost my mind

Am I closer?
Have I lost my mind?
The sun is burning me
Is it broken?
There's a rift in time
Should I take defeat?

Even if I find a higher power
Something tells me it won't be enough
And even if this desert starts to flower
I'll still find a way to spill my blood

I think I lost my mind
I feel a rift in time
I think I lost my mind
