Human Now

Anyma

What do you need me for?
There's nothing to test anymore
If you make me cry
All my tears run dry
Is this worth it?

Human now, I'm human now
Shut me down or let me out
Human now, I'm human now
Shut me down or let me out

What do you need me for?
There's nothing to test anymore
If you make me cry
All my tears run dry
Is this worth it?

Human now, I'm human now
Shut me down or let me out
Human now, I'm human now
Shut me down or let me out

Human now, I'm human now
Shut me down or let me out
