

Save Me

Anyma

Oh, I'm falling
Falling under
Seeking shelter
From the thunder
Reach your hand out
Oh, I wonder
Will your warm heart
Bring me comfort?

I, I want to be free
So save me, so save me
I, I want to be free
So save me, so save me
I, I want to be free
So save me, so save me
I, I want to be free
So save me, so save me

I, I want to be free
So save me, so save me
I, I want to be free
So save me, so save me
I, I want to be free
So save me, so save me
I, I want to be free
So save me, so save me
