

## An Ending

Anything Box

Anyone can see that this is over and I'm walking away.  
You know I can't stay here today.  
No there's no way...  
Do you know the places that we ran to have been pushed away by  
pride,  
or the darker side of who we are...  
We've come to far...  
This is the end...  
My only friend, this is the end...  
Goodbye...  
This is the end...  
My only friend, this is the end...  
Goodbye... Goodbye... Goodbye...  
Goodbye... Goodbye...
