Doubt

Anything Box

Sometimes, I get excited about nothing at all...
Sometimes, I get so jaded and stare at the walls...

Does she love me? yes she does!
Does she want me? yes she does!
Does she need me? yes she does sometimes...

Sometimes, I get infected in a super high...
Sometimes, a high on energy
Within her mind...
Sometimes, I can't forget the letters that she sends...
Sometimes, I sleep all day and night:
It's all in vain...

Does she love me? yes she does!
Does she want me? yes she does!
Does she need me? yes she does sometimes...sometimes...

I'm only happy, when I'm dreaming of her eyes...
She's only happy, when she's dreaming in my arms...
I love her so...

Does she love me? yes she does!
Does she want me? yes she does!
Does she need me? yes she does somes...sometimes...
