Wylin' my money still piling, my flight is still private, it's straight to t
he island, my broski said wait
It's all about timing, I can't tell the time cause it's covered in diamonds,
my phone is still Ringing
Chain is still blinging, girl in the back and she switching positions, get o
utta my business, I did what I want
I did what they didn't, and that's why I'm living the way that I'm living
That's why I am the Way that I am, I was the boy then I turned to a man
You can't get rich if you don't take a chance
I took a risk now I'm swimming in bands
I skrt off the scene I whip in a Rolls Royce
And they throwing shade cause they making no noise
