

Random Thinking

Apartment 26

Maybe I should shut your eyes to
See all the darkness we are wrapped to
We rent the demons in the best sense
Excited by the false pretend

Around of me you needed to be, I get disorderly
And you're still not happy
Around of me you needed to be, I get periodically
And you're still unhappy
Around of me you needed to be, I get disorderly
And you're still not happy
Around of me you needed to be, I get periodically
And you're still unhappy

When was the last time you did this
When was it, tell me about your business
I don't think there's anything I rather do
Then scratch your senses into you

Around of me you needed to be, I get disorderly
And you're still not happy
Around of me you needed to be, I get periodically
And you're still unhappy

It's so late, doesn't mean it's too late
It's so late, doesn't mean it's too late
It's so late, doesn't mean it's too late
Doesn't mean it's too late, come back down

Random, random thinking
Random, random thinking
Random, random thinking
Random, random thinking

(Random) around of me you needed to be, I get disorderly
And you're still not happy
Around of me you needed to be, I get periodically
And you're still unhappy

It's so late, doesn't mean it's too late
It's so late, doesn't mean it's too late
It's so late, doesn't mean it's too late
Doesn't mean it's too late, come back down
