

# Day Dream

Apashe

All I do is day dream  
They been sleepin' on us  
I'm just trynna see what they see

All I do is day dream  
They been sleepin' on us  
I'm just trynna see what they see

Day dream  
Trynna see what they see  
All I hear is an echo...  
Trynna see what they see  
Keep me goin'...  
All I hear is an echo  
All I hear is an echo  
Day dream

Keep me goin', goin', goin', goin'

Nine in the morning  
Nine in the morning  
Keep me goin'  
Day Dream  
Trynna see what they see  
All I hear is an echo

Uh, it's just me and my mirror  
My reflection is sayin' reflect on your past  
It could be clearer  
My past keeps sayin' stay on this path  
I couldn't be nearer  
I remember my past, I couldn't get clearance

All I do is day dream  
They been sleepin' on us  
I'm just trynna see what they see

Keep me goin'...  
Day dream

Keep me goin'  
Keep me goin'  
Keep me goin'

All I do is day dream  
They been sleepin' on us  
I'm just trynna see what they see
