

# Dies Irae

Apashe

It's that daily routine, but y'all knew that  
Step up in the building asking "who dat?"  
I'm doing no stats, I mean that new rap  
It don't matter what you doin' 'cause we do laps  
That's new facts

Okay calm down if you scared  
You ain't calm I don't care  
You can run around get the gunna down  
We blow it up in that air  
Bomb bombs right there  
On top of all of these stairs  
Y'all down below, y'all soundin' low  
Keep lookin' up and just stare to see

This ain't no hide a seek, find your seat  
See we came to take names, y'all remindin' me  
Y'all can't lie to me, too much pride top be  
Just unleash another beast, that's just a side of me

Keep mindin' me like look now, like look now  
That left biscuit hook now  
My bucks down, you shook now  
Got mo' heat, get cooked now  
Like oh man, I know that  
Front stage, I show down  
Just another animal that's steppin' out

'Cause I'ma beast. Where you at?  
Oh my God, uh, uh  
Oh my God  
There we go. Whatchu doin'?  
Oh my God, where at? Whatchu doin'?  
Oh my God

'Cause I'ma beast. Where you at?  
I've been unleashed. Whatchu doin'?  
Sink my teeth. Y'all can't fathom I'ma beast  
Oh my God. I'ma beast  
Where you at? I've been unleashed  
Whatchu doin'? Sink my teeth  
Y'all can't fathom I'ma beast  
Oh my God. I'ma beast  
There we go. That's a beast  
Nah for real. That's a beast  
Y'all just know that that's a beast  
Been unleashed 'cause I'ma beast  
Yuh, uh. I'ma beast. Yuh, uh  
When I step up on the scene that's a beast

Okay calm down if you scared  
You ain't calm I don't care  
You can run around get the gunna down  
We blow it up in that air  
Bomb bombs right there  
On top of all of these stairs

Whatchu doin'? Sink my teeth  
Y'all can't fathom I'ma beast  
Oh my God
