

## Anyday

## Apathy

"Blue for the blue  
Feel what I'm feelin' down in the ground  
Feelin' down that could be most anyday  
Blue for the blue  
Feel what I'm feelin' down in the ground  
Feelin' down that could be most anyday"

[ One] [Apathy]:  
Life goes in cycles  
The world's controlled by secret psychos  
All along the watch tower pacin' with they rifles  
Old money, holds money now I got no money  
I'm so hungry, life is just suckin' the soul from me  
Taxes is actually money you stole from me  
If people only knew the truth things would get so bloody  
I drop a lil' hint and if you're curious, go study  
But make your own mind up, don't listen to nobody  
Cause you ain't got a clue where the Godz come from  
Read between the lines sucker, don't play dumb  
Constant propaganda is on television  
So cock back your hammer and run and get your gun  
There's no way for modern day revolution  
Cause you ain't got the heart and you'd prolly just run  
A right to bare arms cause My Uzi Weighs A Ton  
You can censor out my words but I'll never bite my tongue  
I won't run

"Blue for the blue  
Feel what I'm feelin' down in the ground  
Feelin' down that could be most anyday  
Blue for the blue  
Feel what I'm feelin' down in the ground  
Feelin' down that could be most anyday"

[ Two] [King Magnetic]:  
Anyday, six A.M. they doin' a head count  
But you don't need a jail calendar to get X'd out  
The next droughts here  
Learn to avoid the debt  
My people waitin' on WIC and unemployment check? they all in your ears  
But no child gets supported when it's all in the rears  
That's fatherhood for some  
No one will get crazy  
Mothers experience fatherhood as a lady  
Maybe that baby will grow to break the penal code  
Unless his wife hold half his weight like his femur bone  
Seem alone around a bunch of people, tuck an Eagle  
Like McNabb jersey when he 'bout to thread the fuckin' needle  
Such an evil, servin' people laws until there's nothin' legal  
Snuffin' people until I feel we suffered equal  
Fuck an eagle, take it way beyond pride  
That's why my people take it one day at a time

Blue for the blue  
Feel what I'm feelin' down in the ground  
Feelin' down that could be most anyday  
Blue for the blue

Feel what I'm feelin' down in the ground  
Feelin' down that could be most anyday
