

# Bootleg

Apathy

[Intro:]

"There's too much bootleggin' goin' on y'all."  
Too much bootleggin' goin' on.  
"Bootleggin' goin' on right now."

[Verse 1:]

Phony Fendi's and fake Gucci's  
New Alicia Key's CDs and \$5 DVDs  
Coach bags with a 'G' instead of a 'C'  
Shades say Versace but are made real sloppy  
Please  
I don't know where the fuck you got that  
But that shit is wack, better take that back  
Uh oh  
No receipt when you buy it in the streets  
So look who got beat  
Look who got beat  
Yep  
I copped a bootleg copy of Ray  
And half of the movie had somebody's head in the way  
And I couldn't hear a damn thing that the actor would say  
Cause somebody kept coughing till the credits displayed  
Bought some Jordan's from Japan, paid close to a grand  
I showed it to my man he said, "Ap, you know it's a scam  
The price was costly, honestly I think you should toss these  
Look like the Jordan logo got cerebral palsy."

[Chorus:]

Where'd you get that?  
Where'd you get that?  
Where'd you get that CD?  
Where'd you get that?  
Where'd you get that?  
Where'd you get that DVD?  
Yo, where'd you get those kicks?  
Where'd you get those flicks?  
Where'd you get that hat?  
Where'd you get that?  
That shit is bootleg as a motherfucker

[Verse 2:]

Yo, up and down, up and down the block  
Got a blanket spread on the ground with movies in stock  
Make a little cash now when the customer's flock  
And whoop whoop, here come the cops now check out the plot  
Pull the corners of the blanket together to form a sack  
Throw it right over your back  
No lookin' back  
Bootleggers gonna get a lot of doe this year  
So they should be right back once the coast is clear  
Even got the fake Air Force 1's they try to sell  
And trust me, I've seen 'em  
You really can't tell  
But I would never cop 'em if it wasn't legit  
As far as Nike's, that's like my religion and shit  
Got the B to the O to the O to the T  
To the L to the E to the G CD

Probably got downloaded from some MP3s  
Bootlegs motherfucks, just as cheap as can be

[Chorus:]

Where'd you get that?  
Where'd you get that?  
Where'd you get that CD?  
Where'd you get that?  
Where'd you get that?  
Where'd you get that DVD?  
Yo, where'd you get those kicks?  
Where'd you get those flicks?  
Where'd you get that hat?  
Where'd you get that?  
That shit is bootleg as a motherfucker

[Verse 3:]

My girl loves shoppin' so we go to get it poppin'  
And I'm droppin' all this money on this bootleggers stockin'  
Fake fashion and they laughin' cause I'm sighin' as she's buyin'  
Little diamond studded stupid stuff, she loves cause it's shinin'  
And I'm dyin' from the heat  
People line up in the street  
Wanna be rappers are walkin' around rhymin' to the beat  
Tryin' to sell me CDs, please, like I need that  
30 tracks of wack raps over beats you jacked?  
A bunch of bootleg, bootleg, after the green  
Bootleg, bootleg, shirts and jeans  
Bootleg, bootleg, products and movies  
Bootleg, bootleg, Prada and Louis  
That's a real 50 Cent shirt? I think that you're lyin'  
Cause then why would it say, "Get Rich Or Try Dyin'"?  
Watch 'em cause them CDs and DVDs could be B-O-O-T-L-E-Gs

[Chorus:]

Where'd you get that?  
Where'd you get that?  
Where'd you get that CD?  
Where'd you get that?  
Where'd you get that?  
Where'd you get that DVD?  
Yo, where'd you get those kicks?  
Where'd you get those flicks?  
Where'd you get that hat?  
Where'd you get that?  
That shit is bootleg as a motherfucker

"To much bootleggin'  
To much bootleggin' is goin' on  
To much bootleggin'  
To much bootleggin' is goin' on"
