

# Smoke Weed Everyday

Apathy

Smoke weed everyday  
I wanna get so high  
Smoke weed everyday  
Until the day that I die

Smoke weed everyday

She told me I should write a song so she can smoke  
And the fact I'm rapping that I don't is an ongoing joke  
As she lit and took a toke she choked a little then she spoke  
She said she bought so much weed it'll probably make her broke  
But life is heavy, bills are big, and bitches always stressing  
So she keeps a bag of trees under her panties in her dresser  
She looks so fucking sexy with a blunt between her lips  
So I always cop her dutches from the store on my trips  
And she can tell what kinda shit you smoking by the smell  
And music sounds better to her when she's high as hell  
She grew up playing Cypress Hill and to the death  
She said her last dying breath would be to puff with Meth  
The cheeba cheeba queen, super reefer fiend  
Marijuana mama, arteries that bleed green  
I swear to God and pray she'll never ever get away  
Cause she cause she cause she

Smoke weed everyday  
I wanna get so high  
Smoke weed everyday  
Until the day that I die

Smoke weed everyday  
I wanna get so high  
Smoke weed everyday  
Until the day that I die

Smoke weed everyday  
Until the day that I die

Yeah I'm huffing, I'm chiefing, jumping off the deep end she fiending  
Cause I'm off the top when I speak it and she smoke a lot just like me  
And we break it down then we roll, we smoke the pot like a stove  
Like we cooking but we booking from the cops on the low  
Friends be laughing and cracking jokes in the room full of smoke  
I keep an O everywhere I go, she know I'm a blow  
A couple more of these and we gonna need some snacks from the store  
Hey bro-bro, I got the dough-dough, we drinking, don't forget the 4-0s  
And the Zig-Zags low-pro, fuck the po-po's  
I swing a four door, shit looking like a showboat  
And we in high definition, watch your wishes go up in smoke  
Like Cheech, I ain't talking about Chong  
Be real, I'm sneaking hits from the bong  
We know that it's right when everybody say it's wrong  
I'm on cloud nine, fuck around and I'm a buy me a farm of that bomb  
Wishing Nate Dogg could sing this song, let's go

Smoke weed everyday  
I wanna get so high  
Smoke weed everyday

Until the day that I die

Smoke weed everyday  
I wanna get so high  
Smoke weed everyday  
Until the day that I die

Smoke weed everyday  
Until the day that I die
