

# Carnage Rising

Aphyxion

I create sick illusions  
I twist your mind  
Mess with your head  
You beg me to stop  
I've f\*\*\*king had enough

Madness fills your mind  
So much fear in your eyes  
I want you to feel the pain  
The agony,  
Deep inside (2x)

Ripping off your skin  
Revealing your flesh  
Exposing your guts

Salt your wound  
Cry my name  
Salt your wound  
Cry my name, my name, my name

Madness fills your mind  
So much fear in your eyes  
I want you to feel the pain

Your tearfilled eyes  
Means nothing to me  
Draining your mind  
Make you feel the agony
