

# Consumer Consumed

Aphyxion

Your endless consumption  
Comes with a price  
You are left with no other options  
Than living a synthetic life

We count dollars, we count dollars, when we should count seconds  
We count dollars, we count dollars, when we should count seconds

We dwell in madness  
Synthetically stimulated  
Swallowed in blackness  
By plastic manipulated  
Consumer consumed

This insane obsession  
Must come to an end  
Mental regression  
Forever condemned

We count dollars, when we should count seconds

We dwell in madness  
Synthetically stimulated  
Swallowed in blackness  
By plastic manipulated  
Consumer consumed

Corporate cannibalism  
Victorious capitalism  
The creation of needs

We dwell in madness  
Synthetically stimulated  
Swallowed in blackness  
By plastic manipulated

We dwell in madness (synthetically stimulated)  
Swallowed in blackness (by plastic manipulated)  
Consumer consumed
