Tell me the story
That is hidden in your eyes like a gem
A night of darkness, when even the dreams are asleep
Words that shine bright like a star
Shout it out to the world

Every day & night & every time
If I'm by your side
I can feel everything
Now 1 and 2 and 3 and 4, come a bit closer
Show me your true feelings

Remember that we're together
Like the warm sunlight
I'll hold your hand
Always

Inside the small word, "us"
Believe in the miraculous power

Flowers blooming in my heart
The world colored in pink

All of that was done by you

Every day & night & every time
If I'm by your side
I can feel everything
Now 1 and 2 and 3 and 4, come a bit closer
Show me your true feelings

Even if we fall and run out of breath at times
We can start again
I'll be right here, if you hold out your hand
I'm always where you can reach

Every day & night & every time
If we're together
We can dream of forever
Now 1 and 2 and 3 and 4, cast a spell
For a dream that will shine more

So I can reach you
With your clear scent
Fill up my world
I love you, I believe in you
Your unchanging heart
I will always hold
Always
