Oh love of my life I wanna wake you up

Oh love of my life I wanna wake you up
Shine a light, no matter what anyone says, you're like a star
You're so dazzling,
A mysterious light in between, shine a light

Clearly, as if you're whispering,
You shine on me, you're my vitamin,
So sparkling

My dazzling crystal, you're my star
Just with your twinkling eyes,
You shine a light in my glass-like heart, crystal
It's such a relief (I know know know)
You're my lucky charm (you know know know)
You light me up, sweetly boy,
You're a mysterious crystal

Oh love of my life I wanna wake you up

Shine a light, when things were hard, like a star, you shined on me

Like a dazzling light,
You're mysterious, shine a light

Clearly, as if you're whispering,
You shine on me, you're my vitamin,
So sparkling

My dazzling crystal, you're my star
Just with your twinkling eyes,
You shine a light in my glass-like heart, crystal
It's such a relief (I know know know)
You're my lucky charm (you know know know)
You light me up, sweetie boy,
You're a mysterious crystal

Shine on me with those bright eyes
Like you are now
So I can be more beautiful
Than anyone else

My dazzling crystal, you're my star
Just with your twinkling eyes,
You shine a light in my glass-like heart, crystal
It's such a relief (I know know know)
You're my lucky charm (you know know know)
You light me up, sweetie boy,
You're a mysterious crystal

Oh love of my life I wanna wake you up
