Come, come, come, come

You and me, right now, 12345
Let's close our eyes and stand here, 12345
Let's take a break, you and I
Just like that
Come, come, come, come
Come, come, come, come
Come, come, come, come
Come, come, come, come

For a long time, you and I
We've come here without rest, yeah
We've never had this before
Time to just be myself

The world we've been looking at
Is getting farther and farther
So I won't get tired, so I won't let go again
I needed a miracle

You and me, right now, 12345
Let's close our eyes and stand here, 12345
Let's take a break, you and I
Just like that
Come, come, come, come
Come, come, come, come
Come, come, come, come
Come, come, come, come

I'm sure you had those thoughts
Of thinking it'll be easy if you give up, oh woah
Right when you've stopped
Not even for an hour but for one moment, yeah

As much as we've always dreamed of this
It will feel so new but, ooh
So I won't get tired, so you won't get tired
We needed a miracle

You and me, right now, 12345
Let's close our eyes and stand here, 12345
Let's take a break, you and I
Just like that
Come, come, come, come

I'm right next to you right now
I told you
Times that were so hard
Just close your eyes

You and me, (you and me) right now, 12345
Let's close our eyes and stand here, 12345 (12345)
Let's take a break, you and I
Just like that
Come, come, come, come
Come, come, come, come
Come, come, come, come
Come, come, come, come
