You will never fade L.O.V.E. luv
It's painful, my chest feels tight L.O.V.E. luv
Feelings aren't transmitted L.O.V.E. luv
Tears won't stop I simply loved you
I want to see you immediately
When it was raining, under the same umbrella
We would get closer L.O.V.E. luv
I would be gently wrapped by your scent yeah

We were looking at the same scenery
You always were by my side yeah
No matter how little the dream
Alone I can't see it coming true

You will never fade L.O.V.E. luv
It's painful, my chest feels tight L.O.V.E. luv
Feelings aren't transmitted L.O.V.E. luv
Tears won't stop I simply loved you
I want to see you immediately

Occasionally, cause we would be staring seriously,
Hearts would throb, isn't it? L.O.V.E. luv
Now in a different place
Who I am staring at? yeah

Even in such busy times
I was used to smile
Now I can't even in my memories
I will never forget

Confusion can't be completely hidden L.O.V.E. luv
I gently repeat your name L.O.V.E. luv
Alone I can't laugh well L.O.V.E. luv
I got lost in the rain that
Was hiding my tears. my heart is idle

Even now, the dream we had
Even now, your dream
Even now, I want to stare to
If we gently get closer
Maybe love can start again? (as in the dream)

You will never fade L.O.V.E. luv
It's painful, my chest feels tight L.O.V.E. luv
Feelings aren't transmitted L.O.V.E. luv
Tears won't stop I simply loved you
I want to see you immediately
