When I close my eyes and open them, you're far away
If I close my eyes and open them again, I can't see you
I'm drawing you out again and my day is getting longer
Where can I see you now?
Again today, I'm looking only for you

I close my eyes, I cover my mouth but you seep out
I call and call out to the moonlight that shines on me
But your name that flows out makes me tear
You promised that you would come back, you pinky swore

Rallara rara rara rarira rara rara
Rallara rara rara rarira rara rara

The white moonlight that knocks on my window
Seeps through and shines on your empty seat

I'm thinking of you again today and dawn finds me again
Wait, wait, wait
It still feels like you're next to me

I close my eyes, I cover my mouth but you seep out
I call and call out to the moonlight that shines on me
But your name that flows out makes me tear
You promised that you would come back, you pinky swore

I miss you like this
I'm still, I'm still

Thinking of you, thinking of you, thinking of you
Calling out to the moonlight, the moonlight
But your name that flows out makes me tear
You promised that you would come back, you pinky swore
