Remember remember remember

Do you remember

Do you remember, the sun that shone on us
The wide and blue ocean, just like yesterday
In those memories where time has stopped
Do you remember the day we walked
On the white sand together?
Even when the waves came
We didn't come apart, yeah

(One two three)
Now my smile slowly disappeared,
Without even knowing
(One two three)
We've gotten so exhausted,
We can't look back or forward anymore

Let's leave together, in the cool breeze
Let's forget today and go back to those times
Do you remember, the sun that shone on us
The wide and blue ocean, just like yesterday
As if time has stopped, just like we always wanted
Remember remember remember

Do you remember the summer night,
The red sun setting
The more the darkness covered the sky
The brighter the stars shined, yeah

(One two three)
We kept ignoring the sky
And only stared at the ground
(One two three)
We've gotten so exhausted,
Not even knowing if it's day or night

Let's leave together, in the cool breeze
Let's forget today and go back to those times
Do you remember, the sun that shone on us
The wide and blue ocean, just like yesterday
As if time has stopped, just like we always wanted
Remember remember remember

You, why are you still hesitating
You, forget everything and come with me
Throw everything away in the blue ocean
Before it's too late

Do you remember, those times in our hearts?
Moments that we can feel like it's yesterday

Do you remember, the sun that shone on us
The wide and blue ocean, just like yesterday
As if time has stopped, just like we always wanted
Remember remember remember

Do you remember
