

# Yes This Is The Night

APO Hiking Society

Something in the way your body moves  
Tells me I must beware  
Something in the way this night has gone  
Tells me I must take care  
If my feeling is right, I know I won't be sorry  
What I see in your eyes tells me I shouldn't hurry  
Because you will be mine  
Tonight, you'll be mine

Something in the way you hold my hand  
Tells me there's something here  
Something in the way you kiss my lips  
Just makes it very clear  
That tonight, I'm almost sure I won't be lonely  
You've been leading me on, I know that it can only be  
Oh how can I say no?  
Oh how can I say no?

Yes, this is the night  
I've been waiting for this moment for so long  
Yes, this is the night  
When everything is right and nothing can go wrong

Something in the way your body moves  
Tells me I must beware  
Something in the way you kiss my lips  
Just makes it very clear  
That tonight, I'm almost sure I won't be lonely  
You've been leading me on, I know that it can only be  
Oh how can I say no?  
Oh how can I say no?

Yes, this is the night  
I've been waiting for this moment for so long  
Yes, this is the night  
When everything is right and nothing can go wrong  
Yes, this is the night  
I've been waiting for this moment for so long

Yes, this is the night  
Yes, this is the night  
Yes, this is the night

Yes, this is the night  
I've been waiting for this moment for so long  
Yes, this is the night  
When everything is right and nothing can go wrong
