

## Stadium Parking Lot

Apollo 440

Gonna make enough noise to wake the dead!  
It's going out of my head  
Back from the land that time forgot  
There's a party in the stadium parking lot  
Come on  
And there's a party goin' on  
I can hear it goin' on  
And there's a party goin' on  
Bring it on!

Turnin' up the heat again  
Come on  
Gonna make enough noise to wake the dead!  
I can hear it right now  
It's going out of my head  
Back from the land that time forgot  
There's a party in the stadium parking lot  
There's a party goin' on, party goin' on  
I can hear it goin' on, party goin' on  
There's a party goin' on  
Bring it on!

Bring it on!

Turnin' up the heat again  
Come on

There's a party in the stadium parking lot  
There's a party goin' on, party goin' on  
I can hear it goin' on, party goin' on  
There's a party goin' on  
Bring it on!  
There's a party in the stadium parking lot
