

# Always You

Apollo LTD

Like a child, I was shaking  
Spirit weak, heart was breaking  
Oh, I felt like giving up  
I felt like giving up  
Saw the walls around me caving  
Was at the bottom when You came in  
You held my head above  
You kept me looking up

See the proof, it's in the glow  
Of every high and every low  
The shimmer of Your love surrounding me

You are my spotlight in the darkest night  
You're the only thing I ever held onto  
Never more alive than when our love collides  
Looking back on what I know is true, I realize

It was always You  
It was always You

Looking for a resolution  
Another way, a new solution  
Oh, I felt like giving up  
I thought I'd had enough  
Every time I lost a line  
The song would bring me back to life  
Echoes of the sweetest melodies

You are my spotlight in the darkest night  
You're the only thing I ever held onto  
Never more alive than when our love collides  
Looking back on what I know is true, I realize

It was always You (It was always You)  
It was always You  
I realize  
It was always You (It was always You)  
It was always You

You are my spotlight in the darkest night  
You're the only thing I ever held onto  
Never more alive than when our love collides  
Looking back on what I know is true, I realize

It was always You (It was always You)  
It was always You  
I realize  
It was always You (It was always You)  
It was always You
