

So this is broken I guess  
And if I'm being honest I'm over my head  
The hurt rages deep inside  
Wave after wave like the ocean tide  
I've done all I can  
It's out of my hands, yeah

It's easy to forget  
It's a part of the plan, there's a light up ahead  
But right now I'm restless  
I need You because I'm anxious  
I've done all I can  
It's all in Your hands, yeah

When my world keeps on shaking, and I'm breaking  
When the skies won't stop raining, and I'm fading  
Help me to be okay with what I can't change  
And remind me there's meaning in the waiting  
Help me to be patient  
Help me to be patient

Don't know how long this will last  
I need some reassurance that this too shall pass  
I throw my hands up in the air  
Don't wanna be a slave to fear  
I know I've gotta let go

When my world keeps on shaking, and I'm breaking  
When the skies won't stop raining, and I'm fading  
Help me to be okay with what I can't change  
And remind me there's meaning in the waiting  
Help me to be patient  
Help me to be patient  
Help me to be patient

Through every valley there's a mountain on the other side  
It's at the bottom where You're teaching me how to climb  
And though my heart may break  
I know it's not in vain  
I need only to be still

When my world keeps on shaking, and I'm breaking  
When the skies won't stop raining, and I'm fading  
Help me to be okay with what I can't change  
And remind me there's meaning in the waiting  
Help me to be patient  
Help me to be patient  
Help me to be patient
