

Redemption Song

Apollo LTD

Everybody's got a story
Here's a little bit of mine
Took a prodigal fall from glory
Til I finally saw the light

And ooh, there was a party up in heaven when I came
Home
Ooh, there was an anthem playing down in my soul

This is my redemption song
My heart cries hallelujah
Who I was is dead and gone
And the old me's looking new, yeah
You filled my soul with melodies
Heaven won't stop singing over me
I'm a child of God and I belong
This is my redemption song

Now I've got a hope and future
This is what freedom's like
I'm running to a new tomorrow
And I'm leaving yesterday behind

Ooh, there was a party up in heaven when I came home
Ooh, there was an anthem playing down in my soul

This is my redemption song
My heart cries hallelujah
Who I was is dead and gone
And the old me's looking new, yeah
You filled my soul with melodies
Heaven won't stop singing over me
I'm a child of God and I belong
This is my redemption song

Oh
All the saints gonna sing about Him
Oh
Lift it up, cause we love to shout it
Oh
I once was lost no doubt about it
Oh
Now I'm alive cause the Good Lord found me

This is my redemption song
My heart cries hallelujah
Who I was is dead and gone
And the old me's looking new, yeah
You filled my soul with melodies
Heaven won't stop singing over me
I'm a child of God and I belong
This is my redemption song
