

# Rising

Apollo LTD

If you've ever seen a mountain  
Then you know that it's a long way down  
The climb and fall are both a part of me  
I've stood among the shadows  
And found the sun above the clouds  
I was lost, but I've been lifted from the deep

Even when my heart cries out  
Hope is singing just as loud  
There's gonna be a rising, rising  
Even when my light burns low  
In the dead of night I know  
There's gonna be a rising, rising

There's gonna be a rising (Oh-oh-oh, oh-oh-oh, oh-oh-oh)  
There's gonna be a rising (Oh-oh-oh, oh-oh-oh, oh-oh-oh)

You can call me a survivor  
But really I'm a rescued soul  
I just took the hand that love held out to me  
There's a new tomorrow  
A promise that the ashes hold  
And I know because I have tasted and I've seen

Even when my heart cries out  
Hope is singing just as loud  
There's gonna be a rising, rising  
Even when my light burns low  
In the dead of night I know  
There's gonna be a rising, rising

There's gonna be a rising (Oh-oh-oh, oh-oh-oh, oh-oh-oh)  
There's gonna be a rising (Oh-oh-oh, oh-oh-oh, oh-oh-oh)

Oh-oh-oh, oh-oh-oh  
Oh-oh-oh, oh-oh-oh  
Oh-oh-oh, oh-oh-oh  
Oh-oh-oh, oh-oh-oh

Even when my heart cries out  
Hope is singing just as loud  
There's gonna be a rising, rising  
Even when my light burns low  
In the dead of night I know  
There's gonna be a rising, rising

There's gonna be a rising (Oh-oh-oh, oh-oh-oh, oh-oh-oh)  
There's gonna be a rising (Oh-oh-oh, oh-oh-oh, oh-oh-oh)
