

Walk

Apollo LTD

The highest of valleys
And the lowest of peaks
We climb to the top and
Fall into the deep
Yet still we wander
In the desert again
Will we find it
Where the story began?

Get up, get up and you'll walk
Get up and you'll walk
Get up and you'll walk
Get up and you'll walk
Get up and you'll walk
Get up and you'll walk
Get up and you'll walk
Get up and you'll walk

I live with the blindness
Of what I cannot resist
But the hand of kindness
Never ceased to exist
A hundred years of madness
Time again I fail to see
The beauty in the canyons
Unfold in front of me

Get up, get up and you'll walk
Get up and you'll walk
Get up and you'll walk
Get up and you'll walk
Get up and you'll walk
Get up and you'll walk
Get up and you'll walk
Get up and you'll walk

Get up, get up and you'll walk
Get up and you'll walk
Get up and you'll walk
Get up and you'll walk
Get up and you'll walk
Get up and you'll walk
Get up and you'll walk
Get up and you'll walk
