

It's 4 AM, I watch you sleep
I pray to god your soul to keep

You're sound asleep, but I feel pain
You win my thoughts, you're in my head again

A wonder what you dream, when you dream
Do you feel what I feel?

My head is numb, my eyes are red
My soul is weak, my heart's like lead
But you make it go away

Because you're real
Because you're clean

1 + 1 = 3
3 - 1 = 2
Now it's me and you
You are like Pikachu,
Small but strong
The bravest of us ...
