

Something I Should Know

Apoptygma Berzerk

I got a feeling
That tells me something's wrong
I guess I'm just jealous
But I'm afraid you know something I should know

Got a feeling deep inside
That you know something I should know
I know that something isn't right
'Cause I hold secrets too and you know

I guess I'm just jealous
But I'm afraid you know something I should know too

Got a feeling deep inside
