

Ain't Got Your Love

April Wine

You take it on the lamb, and pretend that it's all right
Hey, baby, can't you see what you're doin' to yourself?
And, don't treat it as a game, cause I could never play along
You know that I care, girl, don't get me wrong

And, give it everything you got, even be cruel
And, give it everything you got, cause I won't play a fool
If I don't have your love (ain't got your love)
If I don't have your love, babe, it's gonna drive me crazy
If I don't have your love (ain't got your love)
If I don't have your love, right now

When fate is on the line, and it's time to take a stand
Just tell me how you feel girl, I'll understand
And, don't go foolin' yourself, 'cause you know you gotta get i
t on
Hey, baby, can't you see the right from the wrong?

And, give it everything you got, even be cruel
And, give it everything you got, 'cause I won't play a fool
If I don't have your love (ain't got your love)
If I don't have your love, baby, it's gonna drive me crazy
If I don't have your love, ooh (ain't got your love)
If I don't have your love, right now, I need you, girl

When you're takin' to the streets, 'cause shelter can't be foun
d
I'm makin' it clear, girl, I'll be around
And, I can see it on your face, I know it's on your mind
But, do you realize our love's on the line

And, give it everything you got, even be cruel
And, give it everything you got, cause I won't play a fool
If I don't have your love (ain't got your love)
If I don't have your love, right now
Baby, it's gonna drive me crazy, cause I need your lovin' so ba
d (ain't got your love)
Yeah, I can't go on if I don't belong, if I (ain't got your lov
e)
Hey, baby, yeah, you know how I feel that I got to have it ever
yday, baby, yeah
As long as it's love, I need it so bad (ain't got your love)
I love you baby, I got to have it (ain't got your love) no more
