Don't turn around yet  
Before I count to ten  
Hide carefully, labappa  
(I might see you)  
Before I give you a sign  
Wait until the end  
If you break your promise, you're it  
(Wait bad boy)

Only I know this secret place  
Without knowing, look for me  
Here, one two three, so

So risky, feels like I'll get caught  
Electric, I'm holding my breath and waiting  
Step by step

I'm becoming like ice  
You suddenly appeared, labappa  
My surprised heart goes ddudduddu  
I can't control it  
Oh mind control

Only we know this game of hide & seek  
I can't get caught as soon as we start  
Here I come again

Only I know this secret place  
Without knowing, look for me  
Here, one two three, so

So risky, feels like I'll get caught  
Electric, I'm holding my breath and waiting  
Step by step  
I'm becoming like ice  
You suddenly appeared, labappa  
My surprised heart goes ddudduddu  
I can't control it  
Oh mind control

I try hiding but I keep going high way  
I'm curious about the higher place  
Our own game of hide & seek

So risky, feels like I'll get caught  
Electric, I'm holding my breath and waiting  
Step by step  
I'm becoming like ice  
You suddenly appeared, labappa  
My surprised heart goes ddudduddu  
I can't control it  
Oh mind control
