How dare you look into my clear eyes  
It's so obvious what you're thinking  
You're so curious but it isn't time yet  
Can you stop caring? (no no no no)  
I'm not ready yet

I know how you feel  
That electric feeling  
Those obvious lines are so embarrassing  
Really hate, take it slow  
Like it's chewy  
Make it clear like a jelly  
As if it'll work but not, show me

Tick tock, time is passing  
The more it passes, the further we grow apart  
(Never) give it up give it up to me  
(Give it up give it up to me)

Treat me specially  
So I can't budge  
Treat me electrically  
So I can fall for you at once  
Make it pop  
Make my heart burn up  
Don't hesitate  
Come to me like a jelly

Nananana  
I wanna get jelly pop  
Nananana  
Chewy and sticky  
Nananana  
I wanna get jelly pop  
Don't hesitate  
Come to me like a jelly

Your outside and insides are different  
Can you be honest?  
I know all your obvious thoughts with one look  
I want to place you in my clear heart  
(No no no no)  
But I'm not ready yet

Tick tock, time is passing

The more it passes, the further we grow apart

Breathtaking in front of you  
I keep getting nervous  
It's beautiful day  
Will you make me go crazy?  
I'm ready for it all
