Hey boy listen up
Story about 6 girls
Let's go

What's wrong?
Ever since you came to me, I already knew
You can never
Luv me luv me luv
You can never call me up

What's wrong? now tell me
Tell me that it's all true, hurry
You can never
Luv me luv me luv
You can never call me up

Look at me, why do you keep hesitating?
What should I do? can you hear my heart baby?
Hug me
You already know
You already know everything
The next words are really important

Now tell me
Luv me luv me
Luv me luv me
Luv me luv me
Luv
Tell me like this
That you'll always
Play with me baby
Cuter than anyone else
More sparks than electricity
Luv me luv me luv me luv
Only you, only you baby

Can you hear my heart pounding?
I am trembling
You can never
Luv me luv me luv
You can never call me up

You already know, my heart
Has been stolen by you I mean it baby
You can never
Luv me luv me luv
You can never call me up

You're just going again
I'm even more impatient

But you wanna meet tomorrow
Please tell me
Please tell me baby
I wanna hear it
You already know
You already know everything
The next words are really important

Now tell me
Luv me luv me
Luv me luv me
Luv me luv me
Luv
Tell me like this
That you'll always
Play with me baby
Cuter than anyone else
More sparks than electricity
Luv me luv me luv me luv
Only you, only you baby

Do you feel the same way as me?
You seem so nervous
Last night
You couldn't say anything
Don't tell me not to laugh baby
I'm only waiting for you right here

What do I do? can't you confess first?
My heart is only looking at you even now
Let's not be apart from now on
I wanna stick to you
So close that it tickles
What do I do? it's so good, say
Luv me luv me luv

Now tell me
Luv me luv me
Luv me luv me
Luv me luv me luv
Tell me like this
That you'll always
Be by my side
Twinkling
So you can reach the night stars
Luv me luv me luv me luv
Only you only you baby
